Lake of the Ozarks	Oct 25-26, 2025
Table Rock Lake	Nov 22, 2025

**A RELAXED,  
COMPETITIVE  
ATMOSPHERE**

The \$40.00 tournament entry fee makes our events worth attending, but not worth losing sleep over. There is no minimum number of meetings or tournaments that a member is required to attend. Guest passes are available and encouraged at every event to promote growth of the club. A guest can fish one individual event per year and must then join the chapter to continue fishing.

**ESTABLISHED IN 1989**

The Steel City Bassmasters are entering our 36th season of tournament bass fishing competition. We stress the simple principles of safety, fairness, and a focus on decisions that benefit the chapter membership and their families. We welcome new members of all skill levels and we do not conduct draw tournaments, so members can fish with whomever they wish. Our annual membership dues are inexpensive. That is all that is required for our members to receive full chapter benefits and tournament privileges. The only other expenses are your tournament entry fees. Non-boaters are assisted in finding boater partners. We'll try our best to get you out on the water.

**MORE TOURNAMENTS,  
FEWER MEETINGS!**

Our 2025 tournament schedule has 12 events. Our meetings are only held during the winter months and are designed to prepare us for the tournament season. We understand that our members have families and jobs that demand more and more of their time so you can balance your Professional and Personal time to suit your needs.
